PRESERVE CAPITAL

Why invest in on-premises servers when you can leverage our enterprise-grade datacenters to power your business?

- No hardware to buy and no server software to install.
- Shift email costs to your operating budget

Reinvest capital you'd otherwise sink into on-premises hardware. There's no need to purchase servers and license software or spend weeks building or upgrading your infrastructure. With a predictable monthly per-user fee, you offload the costs of an on-premises deployment.

SUPERIOR LOCAL SUPPORT

Local support you can count on to understand your email exchange goals and aid in making them happen.

- Account Management
- Mailbox Management
- Mobility Active Sync
- IOS® | Android® | Outlook Configurations
- Access Management & Support
- Inbox Migration*
- Contact Migration*

ON-THE-GO PRODUCTIVITY

Business is no longer confined to the office. Exchange is designed specifically for touchscreens, mobile usability, and offline productivity.

It helps ensure your employees can be efficient regardless of location or device—even when they are offline.

SECURITY & RELIABILITY

Our cloud gives small businesses the kind of reliability and security enjoyed by the biggest Fortune 500 companies.

- **Performance.** We minimize network latency while maximizing processing capacity.

- **Availability.** We offer a 99.999% uptime guarantee.

- **Data protection and security.** Our responsibility to protect your data is reflected across every aspect of our cloud.

COLLABORATION TOOLS

As the world's leading platform, Exchange unifies business email, calendar, contacts, and other Microsoft® applications.

It provides your employees with all the tools they need to work and collaborate with other colleagues.

They can do it their way—where, when, and how they want to.
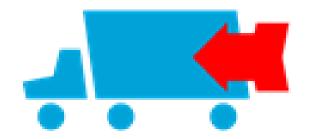

SIMPLIFIED SERVICES

There are certain IT services that you need simply to do business. Southern Business Solutions offers several programs that integrate with other non-Microsoft applications.

Getting all your essential IT services from one provider simplifies your deployment—the result is one bill, one password and one point of support.

ONBOARDING & MIGRATION

We simplify your move to the cloud by doing all the heavy lifting for you.

- Developing a customized migration plan specific to your needs.

- Importing your complete Active Directory® as well as each user's mailbox data—including emails, calendar items and more
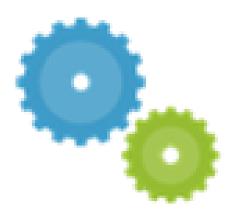

Executing your plan entirely at your direction with minimal interruption to your end users

CONTROL & SIMPLICITY

With Control Panel you can streamline IT management while retaining full control over your cloud.

- Manage all your services through a single interface.

- Use our mobile Control Panel app for management via portable devices.

Empower employees to self-manage mailboxes, account settings, contact information and more.
